

Configurator Ordering Changes – Router Optional – June 2019

The Passport and Passport EDGE Configurators have now been changed to allow the removal of the Router from the Base Hardware Bundles. This allows customers who prefer to use an approved Managed Network Provider Solution to recognize a savings when the standard router hardware is removed.

Example: Passport PX60 System – COMBO or SERVER (Combo in example below)

Select Your Type of System			
Description	Qty	Ext Qty	Price Option Name
<input checked="" type="radio"/> Combination Cashier Workstation/Manager Workstation (COMBO)	1	1	PP-060CMB-01
<input type="radio"/> Dedicated Manager Workstation (SERVER)			
<input type="radio"/> Cashier Workstation (CLIENT)			

New Price Option Name
Was -00, now -01

Select Processing Bank	
 Add Option	<input type="text"/>
<input checked="" type="checkbox"/> Exxon/Mobil	

System Includes				
Description	Qty	Ext Qty	Component Part	Price Option Name
PB60 All-in-One Server with 15" Pro Cap Touch Screen	1	1	PA0324PB60CEMVA	Z-P60-CMB AIO
Install Kit	1	1	M01462K002M	Z-P60-CMBISK
Receipt Printer	1	1	PA04270013	Z-P60-CMBRCP
Cash Drawer	1	1	PA01570080	Z-P60-CMB CDR

Router Yes/No				
<input checked="" type="checkbox"/> Check box if you want a router				
Description	Qty	Ext Qty	Component Part	Price Option Name
Secure Zone Router	1	1	PA04240000	Z-P60-CADSZR

Prompt to include or remove the Router as part of the base bundle where customer is providing their own MNSP Routing Solution

Note: Some brands are now requiring a MNSP solution for all new locations on a certain version of software. Those brands will automatically exclude the router and will not prompt for a router. The customer MUST provide their own solution.

Example: Passport EDGE System

Select Passport® EDGE System
